

Become a Sponsor!

If you are unable to adopt, but still want to contribute to Heartland Humane Society - you can do so by sponsoring a pet! Each animal, on average, costs us about \$250 to spay/neuter, vaccinate, provide food, care, shelter, and medically treat. We need your help to provide the very best care for each of the animals.

Sponsor any pet in our program: Sponsoring is easy. You make a one-time donation and we select an animal to put your donation towards. Your donation will help defray the costs of food, housing and medical care for the animals waiting for adoption. In return for your donation, you will get: a picture of the pet you are sponsoring, their history of how they arrived, the status on when your pet has been adopted, added to our email list where you will receive our monthly newsletter; but, best of all: a great feeling inside. If you wish to sponsor multiple pets, please donate for the number of cats or dogs you wish to sponsor. Also, when they get adopted, we will personally email or mail you to inform you about their new life and family!

How do you sponsor? If you are planning on sponsoring, you can donate with ease any of the following ways:

- Stop into our shelter
- Complete the online donation form found at www.heartlandhumanesociety.net/donate
- Call the shelter at 605-664-4244
- Mail this sheet: Heartland Humane Society, 3400 East HWY 50, Yankton, SD 57078

Please contact the shelter with any questions. Help us help all the paws!

YES, I'd like to sponsor an animal.

Please assign me a: ___ Dog ___ Cat

Total Amount Donated: \$_____

Names on sponsor wall: _____

Address: _____

Email: _____

In (circle one) honor or memory of: _____
